

@ Vii Oni Omega

Thanks. Although I'm not happy with you

Bringer of puns and hugs 08/28/2019
Hmm?

Vii Oni Omega 08/28/2019
You'll probably figure it out when you check your vent account
Why is it that you actively want to keep ruining yourself and cause more problems?
Legit what reason is there for you to hide your identity to your parents?

Bringer of puns and hugs 08/28/2019
I don't have one, that's why i hate it
It's just my anxiety

Vii Oni Omega 08/28/2019
Hiding what shouldn't be hidden is you actively being immoral for no reason especially when you don't have one this time

Bringer of puns and hugs 08/28/2019
I KNOW flat out

Vii Oni Omega 08/28/2019
I am not happy with you
And I am not supporting this stupid shit going on anymore
Block me if you want

Vii Oni Omega 08/28/2019

I am not happy with you
And I am not supporting this stupid shit going on anymore
Block me if you want
Or fucking get me away from your vent account if you want

Bringer of puns and hugs 08/28/2019

Dude I'm not gonna block you
You're one of my best friends

Vii Oni Omega 08/28/2019

But know that I am under the thought process of you not being not being non binary or trans
And I think that you need professional help
And stop going to people who obviously don't know anything
Because you won't listen to me
You won't do the right thing anymore

Bringer of puns and hugs 08/28/2019

Look, ugh give me a sec
12 mins of class left

Vii Oni Omega 08/28/2019

And more importantly you're only getting me more angry the more you lie by admission and more

Look, ugh give me a sec
12 mins of class left

Vii Oni Omega 08/28/2019

And more importantly you're only getting me more angry the more you lie by admission and more importantly want to actively prove to me that I shouldn't have a reason to think you're going to change.
Like Jonah
How can you be sexual
When you're non binary?
Does that make any sense?

Bringer of puns and hugs 08/28/2019

Look, vii, the reason i don't listen is just mostly because... this is difficult to explain.. like i know myself, more than any other person.... hearing somebody tell me what i am and am not just messes with me. I don't like talking with you ovr these topics because it always just comes down to what you think personally most of the time. I feel like I'm getting looked down upon every time we engage about this
And it annoys me cause I'd rather something like this not harm our friendship
As for the other thing
Look i know i have literally no reason to not explain stuff to my parents but I'm just.. scared to approach them

As for the other thing

Look i know i have literally no reason to not explain stuff to my parents but I'm just.. scared to approach them

Vii Oni Omega 08/28/2019

Jonah. I am fine if you want to be non binary despite me thinking it outright doesn't exist

Bringer of puns and hugs 08/28/2019

I find it hard to talk to them about stuff like this

Vii Oni Omega 08/28/2019

Because you cannot actually find me one adult in their older years who is non binary

Bringer of puns and hugs 08/28/2019

Mostly just due to my own netves

Vii Oni Omega 08/28/2019

It is a fucking phase

Honestly I have little to no reason to not think you're just over analyzing yourself then trending along with the trans thing

Because with how this has been going

You give me no reason to think otherwise

You may hate me for that if you want

But you gave me no reason to think otherwise and decided to not even talk to me about this beforehand and just expected me to accept it suddenly

Vii Oni Omega 08/28/2019

But you gave me no reason to think otherwise and decided to not even talk to me about this beforehand and just expected me to accept it suddenly

Bringer of puns and hugs 08/28/2019

I can't hate... hate is a really strong word for me but i won't lie in saying that.. makes me really peeved

Vii Oni Omega 08/28/2019

And not even try to talk to me about how you were before any of this.

I feel like I cannot trust you because you wouldn't trust anyone else with that information aside from people who obviously don't know what they're talking about

You may be as mad with me as you like

But when you and I can both agree that you didn't listen and have no reason to not learn from your past mistake by not being honest with the people who need to know it most

What reason do I have to give you any respect

Like why should I be respectful of your identity if you won't even be honest about it?

 **Vii Oni Omega** 

I get that people will become more sensitive at times when time progresses
But this is honestly to the point where your oversensitivity has you in a bind. Doesn't it?
Honestly I even question myself about even discussing this with you. It's obvious you're not going to listen to me when I have tried to help you before
So I gave up realizing that my words of advice are ignored
So instead I'm giving you my personal thoughts and my feelings
Because maybe that matters more to you
Or maybe it doesn't. I don't know
I just want my friend back. I want them to snap out of this and I want them to go back to who they actually are
Because this, this isn't you.
You changed
A lot
And I don't like it.

 ...

6:30 PM And no I am not referring to the non binary thing here
Your mentality changed. Your way of handling yourself has changed. In some areas you have gotten better but at what cost?

 **Bringer of puns and hugs** 08/28/2019
I know you're not.. you want the me back who could confide stuff to you easily
Right?

 **Vii Oni Omega** 08/28/2019
Well Jonah here's what I am gonna say
It looks like that you want to lie to people that matter to you most
And what you said on your vent account
It shows me that you're willing to lie to your parents
Because of this fear
And seeing as I can never know what you're truly thinking
I can never know if you're ever honest with me
Or anyone for that matter
I think you even lie to yourself and you don't even realize it
You think I like to be like this? In general?
Be honest here
Actually no pretend to be honest because I cannot be sure anymore

 **Bringer of puns and hugs** 08/28/2019
I don't think that, i think this pains you more thsn anything else, bringing up what happened with buddy, all of this, you know i feel low, you know and see how bad I've gotten overtime with my fear and anxiety, only a sadist would enjoy this, so no
I don't think you like this at all
We've been friends for 2 years vii, you would never enjoy this

@ **Vii Oni Omega** 08/28/2019

 **Vii Oni Omega** 08/28/2019
I want you to be better
But when you refuse to listen to me
When it is obvious that I know how to deal with this a lot better than you, and probably anyone else you talk to about this
It gives me the impression that when you hide things, and when you lie about things and won't listen
It comes off to me that you only want me around for emotional support
And don't care about how I feel
Or what I think
6:41 PM And I hope to fucking god you understand that

 **Bringer of puns and hugs** 08/28/2019
... that's not it either... i can see that perspective... i can see it well.... I'll be honest.. with the identity thing alone I'm scared and anxious about talking with you.. everything else though.... i think it's just that.. one other problem i can't seem to learn from as hard as i try in that i don't want people to worry about me too much... a lesson i should have learned from but i fear has gotten worse

 **Vii Oni Omega** 08/28/2019
I just want my fucking friend back.
Non binary or not. I just want them back

@ **Vii Oni Omega** 08/28/2019

 ... i just want things to go back to how they used to be... now it feels like it's on some rope..... i'm sorry vii... i didn't mean to do this to you

 **Vii Oni Omega** 08/28/2019
I'm only as vocal as I am now because I feel like if I am not open about my personal thoughts or if I am not aggressive now I won't be heard or my words won't be considered
I don't want to hurt you
But if it means to get back who I originally cared for I am willing to do anything
Because whoever I am talking to right now isn't Jonah Carter Smith
Because it's obvious that this is someone else than who I used to talk to literal months ago

 **Bringer of puns and hugs** 08/28/2019
..... I'm sorry
.... maybe i should just delete my vent account entirely (edited)

 **Vii Oni Omega** 08/28/2019
It's not that you need to delete your vent
It's that you need to actually think
And listen to people giving you good advice
Or know who actually knows something about the subject
Why is it that suddenly you go to someone else or other people when I am the one who helped you realize you weren't some heterosexual guy who liked Furry art?
I think out of all people I would have been the most reliable and if I wasn't aware of something I would be the kind of person to search it up

Vii Oni Omega 09/01/2019

Oh yes, your totally accessible public server (edited)

that's definitely how to go about it
ain't it?

Jonah the issue with your vent account was a means to hide things from
people and never truly be open about yourself
you're literally just shifting the area of where you're doing it now

Bringer of puns and hugs 09/01/2019

I'm not trying to shift it, I'm just doing this as a means to try feeling more
comfortable with it before i make it public knowledge

1:58 PM

I'm giving it a week then I'm making it public

More

Vii Oni Omega 09/01/2019

Instead of being upset that someone got this information back to me, be
upset that I still don't trust you because of your own actions

I won't respect your identity if you can't even respect it by being open
about it from the very beginning

With whatever gender you pick this or next month.

Vii Oni Omega 10/28/2019

Okay... I am going to say it... I honestly am not a fan of how you went about your transition and it definitely feels like a personal attack when you know my struggles in the past of when I had to go through trans thoughts

And when you also say there is no criteria to being trans

It feels like that you invalidated tons of pain I had to go through

And when you also suddenly shift gears with yourself with two major things without really listening to much of what I or others had told you with the best of intentions... It felt like you genuinely had no respect for what I had to say, or how I felt and same with others.

9:13 AM

It really feels like that your main reason for you thinking you were trans was your non masculine physique and things like that in general when those are physical traits and personality and not thought processes... It really... Really felt like you trivialized something that was genuinely serious to me and not just that, something I had to go through almost half a year of mental torture for Figuring out yourself is good... But when you do it in basically the span of a few weeks... I don't wish to sound insulting... But I feel like that the way you went about this was inconsiderate of people like myself and not just that, your ways of secrecy and sudden shifting and when you sort of show a lack of remorse for how you would hurt some people like... Myself or Jackson and even Timmy...

I don't know how I am supposed to feel about you.

I felt personally attacked, multiple times. I felt like that you wouldn't listen to someone who obviously understood how this would be more. You avoided people who you had no reason to avoid who would always try to help you figure out who you were, and when you were around my clique of people who are mostly gay or bi, and then when you're just now suddenly around a

Vii Oni Omega

I don't know how I am supposed to feel about you.

You avoided people who you had no reason to avoid who would always try to help you figure out who you were, and when you were around my clique of people who are mostly gay or bi, and then when you're just now suddenly around a bunch of trans people and a bunch of other stuff...

And considering how you would treat some situations and not consider other things... I kind of feel like that you walked all over myself, buddy, and Timmy to just sort of... Fit in with a crowd of people you feel closer with now. And because of that I have to say that I just don't know if I can respect your identity, or take your apparent struggle of possibly being trans seriously when it only came off as you misunderstanding general traits and physical characteristics and small preferences as signs of you being trans

And yes, it is personal. But... I'm sorry if this hurts you. But I kept quiet about this long enough. And for all the times I stay quiet about when you hurt me, or make me feel like I don't matter in some situations, or my opinion only matters to you when you agree with it... I just... Don't think I will feel right if I do not tell you that a reason why I will although respect your pronouns but won't respect your apparent struggle is because you didn't respect mine, or anyone else's. And still don't by never even once actually listening to people who wanted to help.

And I am more than sure that I am not just speaking for myself here. But I am sure that when I feel like you used people to a lesser extent to make you feel better in the moment leading up to all of this...

I'm sorry but no. I think that you should finally hear me say why I do not think you are trans. Mostly because you invalidated my struggles and more importantly trivialized them on more than

@ **Vii Oni Omega** 

perspective. vvhnen i said i don't agree it was about the ideas... that i did it to fit in or use people. i didn't say that though because if i did i thought it result in yet another debate about me and the last time we did it was miserable for us both. Did i avoid you and others... yeah.. admittedly yeah, my ability to trust people was messed up in that time frame and i didn't know who i could trust or tell stuff to. It's not that i disagree with your feelings of invalidation... i get your perspective.. i just.. did not use good wording there

At all

 **Vii Oni Omega** 10/28/2019
Jonah, let me put it like this.

How else am i going to take it? You were a gay male that then suddenly became a pansexual trans female in... how little time?

When it took you how long to figure out you were a gay male?

And when my clique of people are mostly gay and bisexual guys

and then now this new clique you're trying to stay around that you essentially avoided the previous group of people you were around for to then be around trans people... and not just that, avoided us ignoring what any of us even said and walked all over us, and not just that would basically just expect us to just always be supportive of you and be claiming you're the victim saying i'm gatekeeping when i was trying to help you and i was explaining to you how and why you were unaware of things in general. Yea, i wonder why i would say that you were trying to just identify with a certain clique of people

And feel remorse for what you did to Jackson? Jonah you literally got into another relationship basically the next day damn near when you were breaking down saying at the top of your lungs that you still loved him.

@ **Vii Oni Omega** 

 **Bringer of puns and hugs** 10/28/2019
A new clique? Wait what do you mean, i still hang around the same friend group i always have, i'm just more open now since i'm able to trust people easier now

 **Vii Oni Omega** 10/28/2019
Jonah, you're close friends with how many trans people and have been exposed to how many new trans people and became friends with how many?

You were literally added into a group of trans people

by Rae

10:29 AM and you are literally asking me "What clique" when it's right fuckin' there

 **Bringer of puns and hugs** 10/28/2019
When i heard clique i thought of friend group.. and really i only used that server for help with questioning... admittedly i've only made.. 1 friend in that group? Otherwise i hang around with everybody i always have

 **Vii Oni Omega** 10/28/2019
Jonah, you replaced your friends that you used to almost always be around and originally identified with

and when you became closer with these others

you just basically tossed the rest of us to the side and didn't realize what kind of hurt you were going to cause

 **Vii Oni Omega** 

 Like, here's another thing you OBVIOUSLY know
I hide issues that hurt me immensely
or are bothering me if it's something I feel will cause a bigger problem than it's worth

 **Bringer of puns and hugs** 10/28/2019
The second of which being the reason right? And after I said you were gatekeeping it became something that would cause a big problem if you brought it up again

 **Vii Oni Omega** 10/28/2019  

Yea. And when it comes to this entire thing in general you wanted to fuckin' gatekeep yourself saying "There is no criteria to be trans!" When... no. That's not how that fucking works wtf.

Jonah, to be focused on the main thing again... I DON'T respect your identity. I DON'T think you're a she. I CANNOT think that you did this for anything else other than attention, and I GENUINELY don't feel like you actually cared about ANYONE'S feelings in this entire thing
Especially when you were just so quick to toss Jackson to the side when you were claiming how much you loved him.

 **Bringer of puns and hugs** 10/28/2019
... ugh.. ok, I didn't do it for attention..... I'll admit... when I came to the conclusion I didn't think of others aside from the fear that they would all hate me.. but.... I get it... I won't try to change your views or anything like that.
Is there anything else you want to say? I'm not sure what else I can say myself

 **Vii Oni Omega** 10/28/2019
Jonah
how you said that
and not realize how wrong you were
dumbfounds me

 **Bringer of puns and hugs** 10/28/2019
hmm?

 **Vii Oni Omega** 10/28/2019  

11:25 AM I'll use statements you said
to just prove you wrong

you said that you avoided me in the past when you were trying to "figure out" you were "trans" because you were scared of how I would react because I just said I was skeptical of some people being trans because of how rapid it was happening, even though I showed no form of hate towards trans people
you ended up hiding shit
from family
Jackson
Timmy
and tons of other people
because you were scared of them going to be negative with you because you're trans or whatever
the fuck

Vii Oni Omega 10/28/2019

back before you were "TRANS" because yes, I seriously DON'T think you're telling me the truth on that front, you would actually want to try and resolve situations
you've became oversensitive to literally anything that is involving negativity or drops the ever so terrible concept of something bad...
you are becoming more political
being more grr I'm vocal ra ra ra
listen to me say shit I don't know anything about guys!
Now watch me gatekeep while I got onto my best friend for "gatekeeping" when he told me science as a source
and guess what, you used to be the kind of person who would always want to try and stand up for yourself, and now you're just all "don't hurt me" when you were in the right in some situations and when you do something wrong, you run off trying to hide from everyone.

Bringer of puns and hugs 10/28/2019

I've never liked negativity, i've always tried to prevent further negativity with my friends, hell I still stand up for myself if you saw what i had written back in that suzy complaint doc. There just... hasn't been much for me to actually try preventing because as i remember now no situation as of recent needed it.
though
admittedly, i will admit you're right in that i have become more sensitive... though that's not due to being trans... that's just out of fear of being hurt, so many times i end up in some kind of conflict my mental state just kept getting worse, and worse. It's the reason why i try to avoid having arguments a lot, because i don't want to have to go back to that again. Whenever i do stir up

It's the reason why i try to avoid having arguments a lot, because i don't want to have to go back to that again. Whenever i do stir up conflict on twitter, admittedly that's just another flaw i have
letting my emotions come first over my thinking
another flaw i have, which has been there since the dragon tree and the fran situation
have i become more political?.. yeah that's admittedly also true
that i can't deny
though that's admittedly because i don't want my friends to feel hurt, or anybody else in their situations to be hurt
though

12:07 PM

I'll admit that the way I address stuff may be a little preachy or come off as if i'm saying stuff in a manner that's black and white
vii are you still here? I finished everything i was saying here

Vii Oni Omega 10/28/2019

I'm still here yea. I'm just... Uh...

I'm not sure what to say here. Because... you... literally sit here... telling me... you're still the same person you always were... personality wise... when... you agree that you're not on some fronts... and then go off talking about how you "didn't change" in other areas... as if that means anything... when... the main focus was... was how you hurt me, and others... and not just that how you're literally lying outright to my face.

@ **Vii Oni Omega** 

 I didn't know who to trust... my trust in my friends had been... kind of twisted at the time period and i had trouble trusting certain people... and i just... ugh, look I'm sorry Vii, i really truly am, i was having major trust issues and i should have trusted that you would know and help me but i just pushed it aside
btw that was meant to say trust, not faith

 **Vii Oni Omega** 10/28/2019
I... I... I don't even know what to say to you right now
You didn't know who to trust
and...
I
of all people
and Timmy of all people
I'm fucking offended
genuinely
And trust...
You didn't TRUST us
oh yes, that sounds so much better

 **Bringer of puns and hugs** 10/28/2019
... i don't blame you.... i really don't, it was around near the time i left tcp and suzy broke her trust with me and i had considered her a close friend so that.. messed me up.. vii i know how bad it sounds... i'm not trying to justify anything

@ **Vii Oni Omega** 

i f###ed up
royally

 **Vii Oni Omega** 10/28/2019
HOW CAN YOU EVEN PUT ME ON THAT LEVEL????
LITERALLY HOW???

You have my goddamn phone number for chirst's sake
You literally had a fucking want to be in a relationship with me back then
and vice versa from my end
and like...
I was open about that
I let you know everything about me
I opened up to you more than basically anyone
you were like.... one of my closest friends
I never lied to you in all of my time of knowing you
Even when I fuckin' leaked your stuff to Jackson
I didn't lie
I fucking straight up told you despite feeling fucking guilty
you know that I of all people is anything like what suzy would be like from that point
what even

Honestly the reason why what you did hurt so much is because of the connection we had and because of what you did and you knowing what would hurt me

You know as well as I do that discrimination disgusts me whether it be something personal that is for the person themselves and themselves only or for political reasons. Hell I wouldn't even entirely like it if people just went out of their ways to attack non offending pedophiles that are posing no risk to people if they are wishing to seek help too

But what I do not like is people trying to justify or put logic to actual immorality or something that is genuinely scummy in nature

Like, you want to be a valid girl Jonah? How about you don't invalidate others

Because yea, even though I ain't trans you basically said that my struggle to figure out that I am actually a cisgendered homosexual biromantic wasn't valid because to your standard which isn't how this works is the real deal.

Yea must feel so great to be told that me being a guy isn't valid because my friend doesn't understand what trans means

Actually you know what, let us discuss how you're apparently trans one more time

Let's go through your reasoning

And let's use what the actual professionals use to see if it falls into any category

Because yea you want to have me just sit there and tell me who I am isn't fair because I actually did the research needed? Let's see how you feel when someone basically says your existence is invalidated because of some other's standards

And not just that but show you why is it that this "Invalid" person doesn't think you're trans in the first place.

And you know what, let's use a great example of how you're wrong

2:27 AM

Vii Oni Omega

I think you remember this video

The same video where you implied that trans people aren't normal

They do not feel like they are in the right body per say? (edited)

When... That wasn't something you brought up?

But instead you felt disconnected from the stereotypes of your own gender

And have Gender Dysphoria?

12:34 AM

Interesting...

Hmmn sounds like there's criteria to being trans

You know that thing that you said doesn't exist

And when you came out as trans you would still support this video?

Neat.

And don't forget you never went to a professional

@ **Vii Oni Omega**

12:35 AM Neat.

And don't forget you never went to a professional
But instead went to self diagnosis
Hmmmnnnnnn... Sounds like somebody didn't understand how someone finds out properly if they're trans
Doing things that didn't seem masculine....
Hmmn... Seems like a connection
Doesn't there?
You prefer if your voice sounded different
Hmmmnnn
Doesn't really sound like something that makes you disconnected from your born gender
Does it?
Like Jonah what you described in this video is basically verbatim what you said in your document
Everything here isn't a form of "I want to be someone else," or "I want to be in a different body because I don't feel right,"

 

Doesn't really sound like something that makes you disconnected from your born gender

Like Jonah what you described in this video is basically verbatim what you said in your document
Everything here isn't a form of "I want to be someone else," or "I want to be in a different body because I don't feel right,"
This is all, "I would prefer this,"

As if it's a fucking fashion trend that you're into
Jonah like... How can you say you're trans, and say other people are invalid when you literally promoted something that says you're wrong that you created?
Why should I respect an identity I don't think you're being honest with yourself with.

12:42 AM It sounds like you don't know how to rationalize who you are or why you think certain ways so you just do this shit

What is it, trans people are valid and shouldn't be treated less because they have Dysphoria or is there no such thing as a trans person with dysphoria because oh I feel like I am more girly?
And don't you dare say I am gatekeeping. Because this all you buddy
So what is it, are you invalidating people by contradicting yourself while trying to say you're a woman denying how science works, or are you a man who doesn't know who they are?

 **Bringer of puns and hugs** 10/29/2019
The first one of course

 **Vii Oni Omega** 10/29/2019
What makes you so sure when you didn't go to a professional then?

Bringer of puns and hugs 10/29/2019

The first one of course

Vii Oni Omega 10/29/2019

What makes you so sure when you didn't go to a professional then?

Because you cannot claim to have Dysphoria. You haven't been diagnosed

I used to think I was on the spectrum and had aspburgers when in actuality I had a different problem which causes me to not think straight under stressful situations.

In turn can cause me to act a bit immature in some situations

That is what a professional does Jonah. They analyze, diagnose and help you find out who you really are

You surrounded yourself with a bunch of trans people who obviously wants more representation and other shit involving trans individuals

12:49 AM

And you thought that they would be an unbiased source of information when you decided to use Tumblr words to identify as?

You think of me as some fool who couldn't analyze a situation in figuring out why is it that you got no idea as to what you are talking about and by even the first option that would still mean you aren't trans by definition and your own

Considering if there is also no criteria to being trans, then that means it is a choice

And that means that you are then just pretending to be a girl

And that would mean I am just pretending to be a boy

Because if there is no criteria then that means EVERYONE is invalid

And just playing pretend.

So again, I ask. What are you actually?

Bringer of puns and hugs 10/29/2019

A trans girl.

Vii Oni Omega 10/29/2019

Okay what dysphoria do you actually experience that doesn't go beyond 'I do not feel manly'

Because that is ALL you said when you came out as trans

And I wanna know this too, what are we going to use to help figure out you're trans, is it the no criteria or the things that fall under true dysphoria?

Bringer of puns and hugs 10/29/2019

Genuinely disliking aspects of my body, wishing at times that I had been born into the opposite gender, etc I never mentioned the aspects when I came out publicly because I didn't feel like going into explicit detail about every aspect of my dysphoria was necessary. What am I going to use? Well I'm already convinced on who I am but I am having to eventually go to planned counseling and an endocrinologist that's been set up. I used the signs of dysphoria I learned from other trans friends of mine as well as information I looked up online

Vii Oni Omega 10/29/2019

Jonah, let me put it like this

Just because you don't like aspects of your body doesn't mean your trans

want me to show you how easy it is to have someone not be at odds with their gender identity? but yet

show a lot of characteristics that you have?

and would not be trans?

You're lookin' at em'

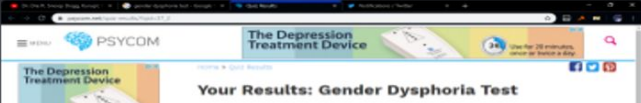

I don't like my facial hair

I wish I had smoother skin

I prefer to have longer hair

I personally would prefer it if people treated me more like a woman at times than a manly man because I ain't a manly man

I at times felt like I had been born into the opposite gender too because I'm fucking gay and guess what, I even took a gender dysphoria test as you were typing this out

And these were my results

Just because you show a lot of signs of having strong dysphoria doesn't mean you're trans what you need to do is go to a fucking professional that's what I had to do

You cannot just sit there and say you're a woman when you have no idea as to how this actually works

like... do you want a vagina?

or you fine with your cock?

Wait I wasn't done. I never told you this but I was finally able to just... click when I got my first bit of art of my sona as a girl.. it just.. felt right, more true to myself. I went through that, when I was first looking it all up I was looking up information nonstop... but I wasn't convinced, I just thought I was confused or incorrect... but then it just.. clicked, everything just felt right and better. And while I may not like that I have to, I am having to go to a professional anyways

 **Vii Oni Omega** 10/29/2019
Okay so... let me get this straight
so because you felt more fair with your sona looking female
1:05 AM you thought
oh that feels right
therefore I'm a woman
Jonah, that just means you're into more girly characteristics for yourself
That's literally me
haven't you noticed Vii's overall slender and fem body in general?
Even though it's obviously male?

 **Bringer of puns and hugs** 10/29/2019
It wasn't just that, it was that combined with the general dysphoria I felt alongside that. I was just in the period of kind at the time that I couldn't possibly be trans and that was kind of the nail in the coffin

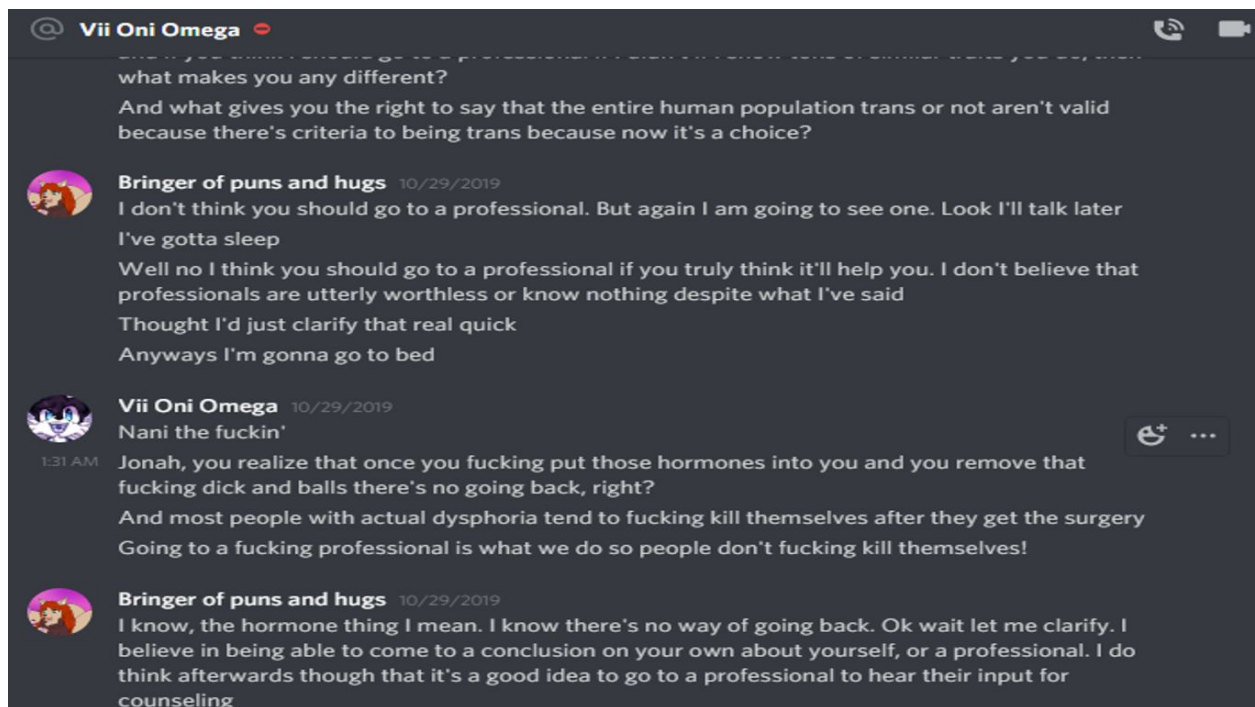

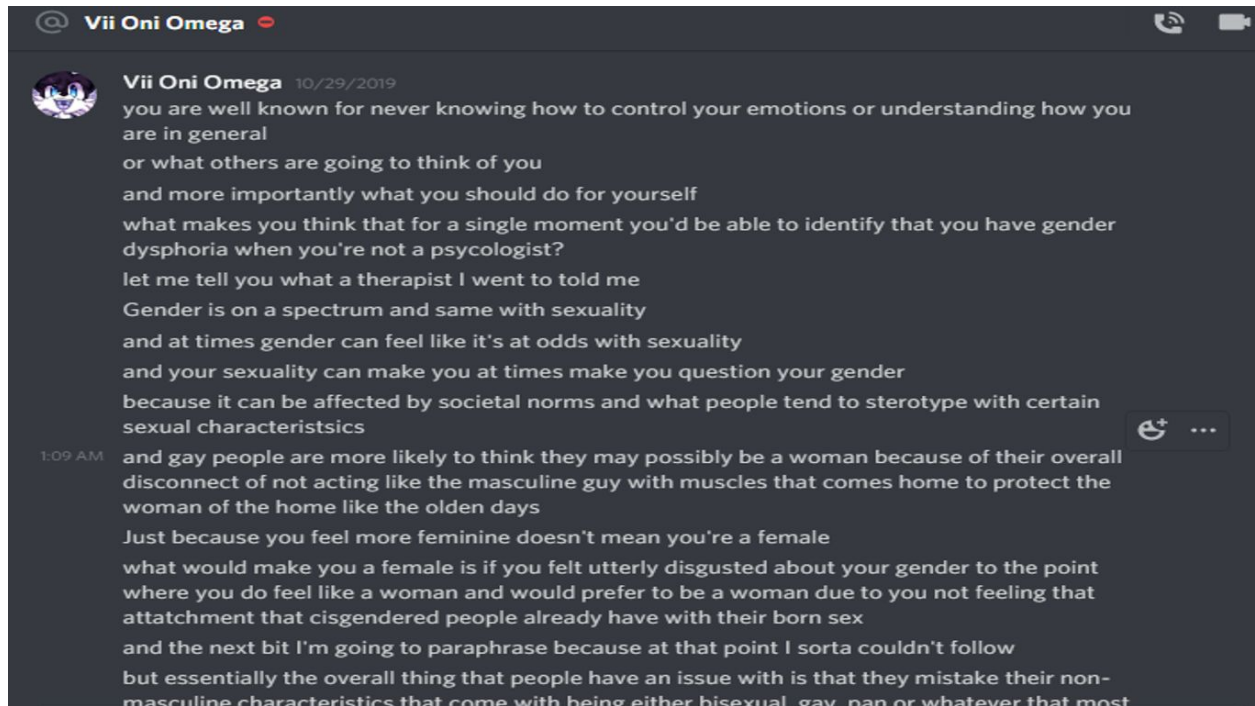

@ **Vii Oni Omega**

you haven't gone to a professional
stop saying you feel gender dysphoria
because you don't know
1:07 AM I'm getting VERY fucking frustrated with this
I'm tired of self diagnosis

We're going in circles at this point

 **Vii Oni Omega** 10/29/2019
you are well known for never knowing how to control your emotions or understanding how you are in general
or what others are going to think of you
and more importantly what you should do for yourself
what makes you think that for a single moment you'd be able to identify that you have gender dysphoria when you're not a psychologist?
let me tell you what a therapist I went to told me
Gender is on a spectrum and same with sexuality

I want to show something, something about this that goes deeper into parts of this that may seems confusing. Vii said that what I did hurt him, what did he mean by that? Well you see,

that's where these come into play

i understand why you can't trust me, i do, i think i just.... changed, back when you could trust me? That was all real, I can't say I'm the same person, i've admittedly become a lot more political, act more often nowadays instead of watch, I have changed from the person that i used to be, i can't deny that or say that i'm the same person that i used to be, saying so would be a lie, but I didn't pretend. You don't have to trust that either, again i understand that, but i do mean it when i say that i never did pretend when i was around you

Yeah. Totally makes sense when you're going against everything you originally stood for

Makes me inclined to believe you when it's such a dramatic shift.

And not just that, but try to originally hold me to your standards because I would bend to you because I cared.

I have changed too. But it sure as hell more consistent and considerate than the one you made. And definitely makes people who

Your girlfriends can keep me blocked all they like, and hell you don't even need to try and make amends with me. But don't say I didn't warn you when I said history always repeated itself.

I don't think you even know who you are. Because nobody else knows or can be really sure anymore.

Not just that, likely was cheating on Jackson before you got together with your first girlfriend. And not just that, but suddenly you're not even who you said you were grateful to be anymore

And making yourself more confident in who you were because of Timmy and I. Sorry I cannot be inclined to think that you were ever telling me the truth when you just threw me away as my time came. And leaved out all the rest.

I just sure as hell hope that if the same fucking happens to you, you finally understand how my pain losing who you were truly was

Jo', it's me. Vii.

Could you message me on Discord at some point? I know it's out of nowhere and such. But honestly I've had enough of being the one hiding here, and I cannot find your old Discord. I'm tired of crying. Hell IDFK if you even really check up on this account. I want and need a resolve. I really cannot take this anymore. I miss you, we've been friends for fucking years, and this is how we're being with each other? People who can barely approach the other because we cannot just figure out things or how to fix the means of how we hurt each other and how to move on from there? :/

Almost every time a mention of you is made, I go either close to dead silent or I have to leave the call now because of how worked up I am over all of this and I try to avoid the topic of you with others as often as I can. I know we had an argument not too long ago in the comments of your video, but can we just put that aside just so that way I can actually talk with you properly again? Just one more time? I can't deal with text anymore if you're able to at some point. I genuinely just can't feel right anymore if we don't work this out Jo'. I'm sorry. I'm just fucking sorry about being so distant. I've just been honestly scared of fucking things up and I just don't want this anymore. I just want us to be friends. I'm honestly not even myself anymore because of how much this separation of our friendship caused on myself at least. If you feel that you're better off without me, so be it but at the very least I'm just sorry, and I just at the very least wanted you to know that. Even if we never get this settled between us. Because I'm sure that a long time from now I'll probably be fine. But honestly I'd rather not have to deal with that.

Alabama police chief apologises after 'homeless quilt' post sparks ...

Two policemen in Mobile are seen posing with a 'quilt' of cardboard signs confiscated from people begging on the streets

Read

 **Vii Oni Omega** 

if you don't
you've lost all respect from not just myself, but probably anyone who
knows about the situation you just posted
because what you posted about will be two years old next month, and not
just that, the cops did get punished for what they did
and when the police force apologizes for what the two people did;

you trying to use this against the police when the force even disagreed
with them doing this... you're something else

 **Bringer of puns and hugs** 05/31/2020
Vii i didn't even know that was a thing, the point I was trying to prove
through my tweet is that the police have been abusing their power for a
long while and that it's not just a recent thing

 **Vii Oni Omega** 05/31/2020
THEN WHY THE HELL DID YOU EVEN POST THAT?
DON'T FUCKING POST THAT KIND OF STUFF IF YOU DON'T KNOW
SHIT ABOUT IT
THAT'S SO IRRESPONSIBLE!
That there had so much more going on than what you think

DON'T FUCKING POST THAT KIND OF STUFF IF YOU DON'T KNOW SHIT ABOUT IT

THAT'S SO IRRESPONSIBLE!

That there had so much more going on than what you think

also yes, there are police who abuse their power

but the fact that you used an instance where the police force itself even said it wasn't ok

what the hell?

and even then, how do you know they were abusing their power?

How does that prove that they were?

It doesn't unless you can prove that this quilt was a result of the police force abusing their power to take away these signs when it wasn't needed and it outright disenfranchised those homeless people

for all you know, they were doing this in a fucking mall

where that's them outright breaking the law

1:22 AM

How is it that I with my vague memory of this knew this situation better than you, someone who wanted to use this one example to make a statement, that you clearly don't know the whole situation of, and obviously know nothing about?

How can you tell me in good faith that you were even anywhere close to being in the right trying to spread this anti cop rhetoric where you don't

@ **Vii Oni Omega**

into things, you decide to post this huh?
Why should anyone take you seriously if you clearly don't know what you're talking about, and even by your own admission right now where I show you what the situation was, you just wanted to apparently show when police abused their power, where your own example isn't really even recent, and it's not even a case of police power abuse.
I ain't saying what the cops did was right. But I sure as hell have a lot less respect for you after this one

 **Vii Oni Omega** 05/31/2020
oh right, when you say this, which by the way goes completely against what you just told me

 **Fireheart Roo** @Chaosqueen97
Replying to @SolarFenrir
Honestly I was unaware of that but the point i was trying to get across was the police are meant to "protect" and that they've been abusing their power for far longer than just now

 **Vii Oni Omega** 05/31/2020
sorry
I'll stop

but know I still ain't impressed
and I want a serious discussion about this later
and it doesn't need to be angry or anything
but I seriously want you to listen to someone who is a moderate in this instance for the side of cops
